This is Amendment 3 to EMCS Phase 3 at Fairchild AFB.

An additional question was answered: Question: Do the parts offered have to exactly match the components listed in the Pricing Schedule i.e. what if several parts were included in one component?

Answer: No, the part does not have to match exactly. For example, if a company offers a product that combines a power supply and an Ethernet module into one component, that would be acceptable as long as the one part had the same(or more) capability as that described by the salient characteristics of the two individual units listed in the Pricing Schedule.

A signed copy of this amendment must be returned with the contractor's proposal.

Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10 A, as heretofore changed, remains unchanged and in full force and effect.
